1. Before you start, ask your insurance company if they require you to submit a second opinion through your doctor. If so, you will need to indicate that below. If this is not a requirement, it may be easier for you to contact the Pathology department of your hospital directly and ask them to follow the directions below.

Get a Second Opinion | Johns Hopkins Pathology

Pathology is a significant component of the causal study of disease and a major field in modern medicine and diagnosis. The term pathology itself may be used broadly to refer to the study of disease in general, incorporating a wide range of bioscience research fields and medical practices (including plant pathology and veterinary pathology), or more narrowly to describe work within the
